## AUTHORS AND INVESTIGATORS

**Altmeier WA**, antibiotics in surgery, part 1, 107, Mar, s  
part 2, 85, Apr, s  
**Amstutz HC**, individuality within UCLA's comprehensive department, 27, Apr, ios  
total joint replacement, 104, Jun, s  
**Baker RA**, subclavian steal syndrome, 96, Jan, a  
**Baltaxe HA**, radiologists urge more use of angiography to trace liver injury, 102, Jun, a  
**Barker WF**, individuality within UCLA's comprehensive department, 27, Apr, ios  
**Bartrum RJ Jr**, abdominal ultrasonic scanning, 88, May, oa  
**Baxter CR**, primary care of burns, 100, Feb, s  
trauma and burn therapy at Dallas, 31, Feb, ios  
**Berci G**, improving the rigid choledochoscope, 93, Jun  
**Bissada NK**, acute scrotum: diagnosis and treatment, 13, Jun, oa  
**Blakemore A**, Columbia: a department looks to future, 56, Jan, ios  
**Boles ET Jr**, OSU faces change from a position of strength, 32, May, ios  
**Bradley WE**, bladder stimulation—U.S. view, 11, Apr, c  
**Branch G**, hypertension secondary to hydronephrosis, 80, Feb, a  
**Britt BA**, malignant hyperthermia: diagnosis and treatment, 97, May, oa  
**Buchwald H**, surgery at Minnesota: a rich legacy, a bold present, 17, Mar, ios  
**Canizaro PC**, trauma and burn therapy at Dallas, 31, Feb, ios  
**Caplan LR**, subclavian steal syndrome, 96, Jan, a  
**Carrico CJ**, trauma and burn therapy at Dallas, 31, Feb, ios  
**Cerilli J**, OSU faces change from a position of strength, 32, May, ios  
**Clark WK**, trauma and burn therapy at Dallas, 31 Feb, ios  
**Clatworthy HW Jr**, OSU faces change from a position of strength, 32, May, ios  
**Clemett AR**, polypoid gallbladder carcinoma on IV cholangiogram, 61, Apr, oa  
**Cleveland JC**, manipulation of the saphenous vein during femoropopliteal bypass, 76, Jan, a  
**Cockett ATK**, diagnosis and management

of renal trauma, 81, Jan, oa  
hypertension secondary to hydronephrosis, 80, Feb, a  
radionuclides to detect renal and urinary tract disease, 80, May, oa  
**Collins WF**, neurologic surgery: summary ACS meeting, 13, Jan  
**Crikelair GF**, Columbia: a department looks to future, 56, Jan, ios  
**Danforth DN**, gynecology and obstetrics: summary ACS meeting, 13, Jan  
**Davis R**, hypertension secondary to hydronephrosis, 80, Feb, a  
**DeLand EC**, individuality within UCLA's comprehensive department, 27, Apr, ios  
**Dietz JH Jr**, rehabilitation of the surgical patient, 22, May, oa  
**Dietzman RH**, surgery at Minnesota: a rich legacy, a bold present, 17, Mar, ios  
**Drapanas T**, common duct stones, 108, May, s  
**DuVal MK**, Professional Standards Review Organizations: a contemporary dilemma, 89, Mar, oa  
**Ebert PA**, cardiothoracic surgery: summary ACS meeting, 13, Jan  
**Ellis FH Jr**, diaphragmatic hernia, 108, Jan, s  
**Epstein SE**, National Heart and Lung Institute's Clinic of Surgery, 42, Jun, ios  
**Evarts CM**, total joint replacement, 104, Jun, s  
**Feller I**, primary care of burns, 100, Feb, s  
**Fisher B**, theoretical and practical considerations of metastases, 85, Feb, oa  
**Fisher ER**, theoretical and practical considerations of metastases, 85, Feb, oa  
**Frank IN**, radionuclides to detect renal and urinary tract disease, 80, May, oa  
**Gartland J**, orthopedic surgery: summary ACS meeting, 13, Jan  
**Glenn JF**, urology: summary ACS meeting, 13, Jan  
**Gould HR**, polypoid gallbladder carcinoma on IV cholangiogram, 61, Apr, oa  
**Graham WP III**, treating the injured hand, part 4, tendon damage, 45, Jan, oa  
part 5, nerve trauma, 67, Apr, oa  
part 6, anesthesia, miscellaneous problems, rehabilitation, 79, Jun, oa  
**Gray SW**, developmental origin of the double gallbladder, 71, May, oa  
**Gregory CF**, trauma and burn therapy at Dallas, 31, Feb, ios

**Haagensen CD**, Columbia: a department looks to future, 56, Jan, ios  
**Harlaftis N**, developmental origin of the double gallbladder, 71, May, oa  
**Hayes MF Jr**, respiratory support for the failing lung, 74, Feb, oa  
**Hill LD**, diaphragmatic hernia, 108, Jan, s  
**Hoffman BF**, Columbia: a department looks to future, 56, Jan, ios  
**Holm HH**, abdominal ultrasonic scanning, 88, May, oa  
**Huggins CB**, reflections, 66, Mar, oa  
**Humphrey LJ**, tumors: summary ACS meeting, 13, Jan  
**Humphreys GH II**, Columbia: a department looks to future, 56, Jan, ios  
**Hunt WE**, OSU faces change from a position of strength, 32, May, ios  
**Kaplan NM**, innovation in treatment of Cushing's syndrome, 75, Mar  
**Kaufman JJ**, individuality within UCLA's comprehensive department, 27, Apr, ios  
**Keyes JW**, radionuclides to detect renal and urinary tract disease, 80, May, oa  
**Kilgore ES Jr**, treating the injured hand, part 4, tendon damage, 45, Jan, oa  
part 5, nerve trauma, 67, Apr, oa  
part 6, anesthesia, miscellaneous problems, rehabilitation, 79, Jun, oa  
**Kilman JW Jr**, OSU faces change from a position of strength, 32, May, ios  
**Kinney JM**, Columbia: a department looks to future, 56, Jan, ios  
**Kirby WMM**, antibiotics in surgery, part 1, 107, Mar, s  
part 2, 85, Apr, s  
**Kirsner JB**, management of the ulcer patient, 9, Feb, oa  
**Kountz S**, transplantation: summary ACS meeting, 13, Jan  
**Leeper RD**, blood type, serum protein, and Paget's disease, 93, Feb, oa  
**Leonard AS**, surgery at Minnesota: a rich legacy, a bold present, 17, Mar, ios  
**Levin DC**, radiologists urge more use of angiography to trace liver injury, 102, Jun, a  
**Lillehei RC**, surgery at Minnesota: a rich legacy, a bold present, 17, Mar, ios  
**Lind J**, diaphragmatic hernia, 108, Jan, s  
**Littman A**, management of the ulcer patient, 9, Feb, oa  
**Longmire WP Jr**, UCLA's comprehensive department, 27, Apr, ios  
**McIntosh CL**, National Heart and Lung Institute's Clinic of Surgery, 42, Jun, ios  
**McIntyre KM**, management of pulmonary embolism, 57, Feb, oa  
**McKhann CF Jr**, surgery at Minnesota: a rich legacy, a bold present, 17, Mar, ios  
**McNeil BJ**, bone scintigraphy, 80, Mar, oa  
**McVay CB**, anatomy and repair of a direct inguinal hernia (discussant), 23, Jun, oa  
**Machleder HI**, individuality within UCLA's comprehensive department, 27, Apr, ios  
**Madden JL**, anatomy and repair of a direct inguinal hernia, 23, Jun, oa  
**Maklansky D**, gallstone ileus: radiologic observation of a gallstone during migration, 69, Feb, oa  
shortening pedicle, 37, June, oa  
**Maim JR**, Columbia: a department looks to future, 56, Jan, ios  
**Manning J**, hypertension secondary to hydronephrosis, 80, Feb, a  
**Marcove RC**, blood type, serum protein, and Paget's disease, 93, Feb, oa

**Marshak RH**, gallstone ileus: radiologic observation of a gallstone during migration, 69, Feb, oa  
 shortening pedicle, 37, Jun, oa  
**Matsumoto T**, respiratory support for the failing lung, 74, Feb, oa  
**Michaelis LL**, National Heart and Lung Institute's Clinic of Surgery, 42, Jun, ios  
**Monafo WW**, primary care of burns, 100, Feb, s  
**Morrow AG**, National Heart and Lung Institute's Clinic of Surgery, 42, Jun, ios  
**Morton DL**, close-up of UCLA's oncology program, 53, Apr  
 individuality within UCLA's comprehensive department, 27, Apr, ios  
**Nabi N**, management of pulmonary embolism, 57, Feb, oa  
**Najafi H**, aortic dissection, 15, Apr, oa  
**Najarian JS**, surgery at Minnesota: a rich legacy, a bold present, 17, Mar, ios  
**Nardi GL**, common duct stones, 108, May, s  
**Newmeyer WL III**, treating the injured hand, part 4, tendon damage, 45, Jan, oa  
 part 5: nerve trauma, 67, Apr, oa  
 part 6, anesthesia, miscellaneous problems, rehabilitation, 79, Jun, oa  
**Nicoloff D**, surgery at Minnesota: a rich legacy, a bold present, 17, Mar, ios  
**Olafson RP**, developmental origin of the double gallbladder, 71, May, oa  
**Orloff MJ**, common duct stones, 108, May, s  
**Payne WS**, diaphragmatic hernia, 108, Jan, s  
**Peacock EE**, experiment in surgical education, 98, Jun, oa  
**Pecora DV**, subclavicular resection of rib for thoracic outlet syndrome, 9, Mar, oa  
**Penn I**, liver transplantation, 88, Jan, a  
**Peskin GW**, gastrointestinal biliary conditions: summary ACS meeting, 13, Jan  
**Peters PC**, trauma and burn therapy at Dallas, 31, Feb, ios  
**Petrovsky BV**, three surgical innovations in the Soviet Union, 51, Mar  
**Pruitt BA**, primary care of burns, 100, Feb, s  
**Rabuzzi DD**, palliative surgery for head and neck cancer improves quality of life, 96, Mar  
**Rand DW**, individuality within UCLA's comprehensive department, 27, Apr, ios  
**Ravitch MM**, staples in abdominal and thoracic surgery, 58, May, oa  
**Rawson RW**, blood type, serum protein, and Paget's disease, 93, Feb, oa  
**Redman JF**, acute scrotum: diagnosis and treatment, 13, Jun, oa  
**Reed GF**, palliative surgery for head and neck cancer improves quality of life, 96, Mar  
**Reemtsma K**, Columbia: a department looks to future, 56, Jan, ios  
**Richards V**, antibiotics in surgery, part 2, 85, Apr, s  
**Riesenberg DM**, radionuclides to detect renal and urinary tract disease, 80, May, oa  
**Riley L**, total joint replacement, 104, Jun, s  
**Roberts WC**, National Heart and Lung Institute's Clinic of Surgery, 42, Jun, ios  
**Rosenbaum AE**, subclavian steal syndrome, 96, Jan, a  
**Rush B Jr**, shock and metabolism: summary ACS meeting, 13, Jan  
**Salyer KE**, trauma and burn therapy at Dallas, 31, Feb, ios

**Sandusky, WR**, antibiotics in surgery, part 2, 85, Apr, s  
**Sanford JP**, antibiotics in surgery, part 1, 107, Mar, s  
 part 2, 85, Apr, s  
**Santulli TV**, Columbia: a department looks to future, 56, Jan, ios  
**Sasahara AA**, management of pulmonary embolism, 57, Feb, oa  
**Saunders WH**, otorhinolaryngology: summary ACS meeting, 13, Jan  
**Schmidt SS**, vasectomy should not fail, 13, May, oa  
**Schmidtke J**, surgery at Minnesota: a rich legacy, a bold present, 17, Mar, ios  
**Schwartz MK**, blood type, serum protein, and Paget's disease, 93, Feb, oa  
**Scott RO**, exercise and the heart, 134, Jun, oa  
**Serbinenko FA**, treating cerebrovascular anastomoses, 56, Mar  
**Shires GT**, antibiotics in surgery, part 1, 107, Mar, s  
 part 2, 85, Apr, s  
 innovations in treatment of Cushing's syndrome, 75, Mar  
 trauma and burn therapy at Dallas, 31, Feb, ios  
**Simmons RL**, surgery at Minnesota: a rich legacy, a bold present, 17, Mar, ios  
**Skandalakis JE**, developmental origin of the double gallbladder, 71, May, oa  
**Smith EH**, abdominal ultrasonic scanning, 88, May, oa  
**Sos TA**, radiologists urge more use of angiography to trace liver injury, 102, Jun, a  
**Sparks FC**, close-up of UCLA's oncology program, 53, Apr  
**Stein JM**, primary care of burns, 100, Feb, s  
**Steinhaus JE**, toxic systemic effects of local anesthetics, 22, Feb, oa  
**Stinson EB**, appraising the status of heart transplantation, 79, Apr, oa  
**Sugg WL**, trauma and burn therapy at Dallas, 31, Feb, ios  
**Swanson A**, total joint replacement, 104, Jun, s  
**Terasaki PI**, individuality within UCLA's comprehensive department, 27, Apr, ios  
**Tompkins RK**, individuality within UCLA's comprehensive department, 27, Apr, ios  
**Tucker HM**, palliative surgery for head and neck cancer improves quality of life, 96, Mar  
**Turnipseed WT**, OSU faces change from a position of strength, 32, May, ios  
**Varco RL**, surgery at Minnesota: a rich legacy, a bold present, 17, Mar, ios  
**Vishnevsky AA**, device for neurogenic bladder, 52, Mar  
**Volkov MV**, percussion ultrasonic tool, 58, Mar  
**Voorhees AB**, Columbia: a department looks to future, 56, Jan, ios  
**Wangenstein OH**, bowel obstruction problem, 37, Jan, a  
**Ward PH**, individuality within UCLA's comprehensive department, 27, Apr, ios  
**Watson RC**, radiologists urge more use of angiography to trace liver injury, 102, Jun, a  
**Way LW**, common duct stones, 108, May, s  
**Weeks PM**, plastic surgery and burns: summary ACS meeting, 13, Jan  
**Weissman BN**, bone scintigraphy, 80, Mar, oa

**White TT**, common duct stones, 108, May, s  
**Williams GR**, antibiotics in surgery, part 2, 85, Apr, s  
**Winter CC**, OSU faces change from a position of strength, 32, May, ios  
**Winters W**, close-up of UCLA's oncology program, 53, Apr  
**Woodward ER**, diaphragmatic hernia, 108, Jan, s  
**Zollinger RM**, OSU faces change from a position of strength, 32, May, ios

## SUBJECTS

### ABDOMEN

Radiography: abdominal ultrasonic scanning, 88, May, oa

### ABDOMINAL SURGERY

staples in thoracic surgery, 58, May

### ADRENAL GLANDS

Transplantation: innovation in treatment of Cushing's syndrome, 75, Mar

### AMINOGLYCOSIDES

antibiotics in surgery, part 1, 107, Mar, s

### AMPUTATION

Rehabilitation: of surgical patient, 22, May, oa

### ANESTHESIA

treating the injured hand: part 6, miscellaneous problems, rehabilitation, 79, Jun, oa

### ANESTHETICS, LOCAL

Toxicity: systemic effects, 22, Feb, oa

### ANGIOGRAPHY

radiologists urge more use to trace liver injuries, 102, Jun, a  
 subclavian steal syndrome, 96, Jan, a

### ANTACIDS

management of ulcer patient, 9, Feb, oa

### ANTIBIOTICS

in surgery, part 1, 107, Mar, s  
 in surgery, part 2, 85, Apr, s

### ANTICOAGULANTS

management of pulmonary embolism, 57, Feb, oa

### ANTIGENS, NEOPLASM

individuality within UCLA's comprehensive department, 27, Apr, ios

### ANTILYMPHOCYTE SERUM

surgery at Minnesota: a rich legacy, a bold present, 17, Mar, ios

### AORTIC ANEURYSM

aortic dissection, 15, Apr, oa

### AORTIC RUPTURE

aortic dissection, 15, Apr, oa

### AORTIC VALVE STENOSIS

National Heart and Lung Institute's Clinic of Surgery, 42, Jun, ios

### AORTOCORONARY BYPASS

aortic dissection, 15, Apr, oa

### Arteriography see ANGIOGRAPHY

### ARTERIOVENOUS SHUNT, SURGICAL

surgery at Minnesota: a rich legacy, a bold present, 17, Mar, ios

### ARTHRITIS

treating the injured hand: part 6, anesthesia, miscellaneous problems, rehabilitation, 79, Jun, oa

### ARTHROPLASTY

total joint replacement, 104, Jun, s

### AUTOIMMUNE DISEASES

individuality within UCLA's comprehensive department, 27, Apr, ios

*continued*

**BALLOON TECHNIQUE**

treating cerebrovascular anastomoses, 56, Mar

**BCG VACCINATION**

close-up of UCLA's oncology program, 53, Apr  
individuality within UCLA's comprehensive department, 27, Apr, ios  
tumors: summary ACS meeting, 13, Jan

**BILE DUCTS**

Surgery: common duct stones, 108, May, s

**Biliary Calculi see CHOLELITHIASIS****BILIARY TRACT DISEASES**

gastrointestinal biliary conditions: summary ACS meeting, 13, Jan

**BLADDER, NEUROGENIC**

bladder stimulation—U.S. view, 11, Apr, c  
device for, 52, Mar

**BLOOD GROUPS**

serum protein, and Paget's disease, 93, Feb, oa

**BLOOD PROTEINS**

blood type and Paget's disease, 93, Feb, oa

**BLOOD VESSEL PROSTHESIS**

Columbia: a department looks to future, 56, Jan, ios

**BONE NEOPLASMS**

Radiography: bone scintigraphy, 80, Mar, oa

**BREAST NEOPLASMS**

tumors: summary ACS meeting, 13, Jan  
Diagnosis: close-up of UCLA's oncology program, 53, Apr

**BURNS**

Therapy: primary care of, 100, Feb, s  
trauma at Dallas, 31, Feb, ios

**BURNS, CHEMICAL**

primary care of, 100, Feb, s  
Cancer see **NEOPLASMS**

**CARCINOEMBRYONIC ANTIGEN**

tumors: summary ACS meeting, 13, Jan

**CARDIOVASCULAR DISEASES**

Rehabilitation: of surgical patient, 22, May, oa

**CAVERNOUS SINUS**

treating cerebrovascular anastomoses, 56, Mar

**CEPHALOSPORINS**

antibiotics in surgery, part 1, 107, Mar, s

**CEREBROVASCULAR DISORDERS**

Prevention and Control: individuality within UCLA's comprehensive department, 27, Apr, ios

**CERVICAL RIB SYNDROME**

subclavicular resection of rib for, 9, Mar, oa

**CHOLANGIOGRAPHY**

common duct stones, 108, May, s  
polypoid gallbladder carcinoma on IV cholangiogram, 61, Apr, oa

**CHOLECYSTECTOMY**

common duct stones, 108, May, s

**CHOLELITHIASIS**

common duct stones, 108, May, s  
gallstone ileus: radiologic observation during migration, 69, Feb, oa  
improving the rigid choledochoscope, 93, Jun

Therapy: individuality within UCLA's comprehensive department, 27, Apr, ios

**CICATRIX**

Therapy: plastic surgery and burns: summary ACS meeting, 13, Jan

**CLAVICLE**

Surgery: resection of rib for thoracic outlet syndrome, 9, Mar, oa

**COLLOIDS**

primary care of burns, 100, Feb, s

**COLONIC NEOPLASMS**

shortening pedicle, 37, Jun, oa

**COLONOSCOPY**

shortening pedicle, 37, Jun, oa

**COLUMBIA-PRESBYTERIAN****MEDICAL CENTER**

a department looks to future, 56, Jan, ios

**COMPUTERS**

individuality within UCLA's comprehensive department, 27, Apr, ios

**CROSS INFECTION**

antibiotics in surgery, part 1, 107, Mar, s

**CUSHING'S SYNDROME**

Surgery: innovation in treatment of, 75, Mar

**DIABETES**

Therapy: surgery at Minnesota: a rich legacy, a bold present, 17, Mar, ios

**DIAPHRAGMATIC HERNIA**

OSU faces change from a position of strength, 32, May, ios  
symposium on, 108, Jan, s

**DIET THERAPY**

management of ulcer patient, 9, Feb, oa

**DUODENAL ULCER**

management of, 9, Feb, oa

**DUPUYTREN'S CONTRACTURE**

treating the injured hand: part 6, anesthesia, miscellaneous problems, rehabilitation, 79, Jun, oa

**ENDOCRINOLOGY**

gynecology and obstetrics: summary ACS meeting, 13, Jan

**ENDOSCOPY**

improving the rigid choledochoscope, 93, Jun

**EPIDIDYMITIS**

acute scrotum: diagnosis and treatment, 13, Jun, oa

**EXERCISE TEST**

and the heart, 134, Jun, oa

**EXERCISE THERAPY**

and the heart, 134, Jun, oa

**EXTRACORPOREAL CIRCULATION**

cardiothoracic surgery: summary ACS meeting, 13, Jan

**FACIAL INJURIES**

trauma and burn therapy at Dallas, 31, Feb, ios

**FACIAL NERVE**

plastic surgery and burns: summary ACS meeting, 13, Jan

**FACIAL PARALYSIS**

otorhinolaryngology: summary ACS meeting, 13, Jan

**FIBER OPTICS see also ENDOSCOPY**

improving the rigid choledochoscope, 93, Jun

**FIRST AID**

primary care of burns, 100, Feb, s

**Fluid Balance see WATER-ELECTROLYTE****BALANCE****FRACTURES, UNUNITED**

trauma and burn therapy at Dallas, 31, Feb, ios

**GALLBLADDER**

Anatomy and Histology: developmental origin of the double gallbladder, 71, May, oa

**GALLBLADDER NEOPLASMS**

Radiography: polypoid gallbladder carcinoma on IV cholangiogram, 61, Apr, oa

Gallstones see **CHOLELITHIASIS**

**GASTROINTESTINAL SYSTEM**

Physiology: gastrointestinal biliary conditions: summary ACS meeting, 13, Jan

**GENTAMICIN**

antibiotics in surgery, part 1, 107, Mar, s

**GRAM NEGATIVE BACTERIA**

antibiotics in surgery, part 2, 85, Apr, s

**GYNECOLOGIC DISEASES**

and obstetrics: summary ACS meeting, 13, Jan

**HAND**

Surgery: total joint replacement, 104, Jun, s

**HAND INJURIES**

treating the injured hand: part 4, tendon damage, 45, Jan, oa  
part 5, nerve trauma, 67, Apr, oa  
part 6, anesthesia, miscellaneous problems, rehabilitation, 79, Jun, oa

**HEAD**

Surgery: individuality within UCLA's comprehensive department, 27, Apr, ios

**HEART**

Transplantation: appraising the status of, 79, Apr, oa

**HEART DEFECTS, CONGENITAL**

Surgery: Columbia: a department looks to future, 56, Jan, ios  
National Heart and Lung Institute's Clinic of Surgery, 42, Jun, ios  
OSU faces change from a position of strength, 32, May, ios

**HEART DISEASES**

Surgery: cardiothoracic surgery: summary ACS meeting, 13, Jan

**HEART FUNCTION TESTS**

exercise and, 134, Jun, oa

**HEART SURGERY**

National Heart and Lung Institute's Clinic of Surgery, 42, Jun, ios

**HEART VALVE PROSTHESIS**

National Heart and Lung Institute's Clinic of Surgery, 42, Jun, ios

**Hiatal Hernia see****DIAPHRAGMATIC HERNIA****HIP**

Replacement: total joint replacement, 104, Jun, s

**HISTOCOMPATABILITY see also****TISSUE TYPING**

transplantation: summary ACS meeting, 13, Jan

**HOSPITAL EMERGENCY SERVICE**

trauma and burn therapy at Dallas, 31, Feb, ios

**Hospital Infections see****CROSS INFECTION****HOSPITALS, SPECIAL**

Columbia: a department looks to future, 56, Jan, ios  
surgery at Minnesota: a rich legacy, a bold present, 17, Mar, ios  
trauma and burn therapy at Dallas, 31, Feb, ios

**HOSPITALS, TEACHING**

Columbia: a department looks to future, 56, Jan, ios  
surgery at Minnesota: a rich legacy, a bold present, 17, Mar, ios  
trauma and burn therapy at Dallas, 31, Feb, ios

**HYDRONEPHROSIS**

hypertension secondary to, 80, Feb, a

**HYPERALIMENTATION**

Columbia: a department looks to future, 56, Jan, ios

**HYPERCHOLESTEREMIA**

Surgery: at Minnesota, 17, Mar, ios

**HYPERTENSION, RENAL**

secondary to hydronephrosis, 80, Feb, a

**HYPERVENTILATION**

respiratory support for the failing lung, 74, Feb, oa

**IDIOPATHIC HYPERTROPHIC****SUBVALVULAR STENOSIS**

National Heart and Lung Institute's Clinic of Surgery, 42, Jun, ios

**IMMUNOSUPPRESSION**

transplantation: summary ACS meeting, 13, Jan

**INFANTS, NEWBORN**

Surgery: Columbia: a department looks to future, 56, Jan, ios

**INGUINAL HERNIA**

anatomy and repair of, 23, Jun, oa

**INTENSIVE CARE UNITS**

Columbia: a department looks to future, 56, Jan, ios

**INTESTINAL OBSTRUCTION**

bowel obstruction problem, 37, Jan, a

**JOINT PROSTHESIS**

individuality within UCLA's comprehensive department, 27, Apr, ios  
orthopedic surgery: summary ACS meeting, 13, Jan  
total joint replacement, 104, Jun, s

**KANAMYCIN**

antibiotics in surgery, part 1, 107, Mar, s

**KIDNEY**

Transplantation: individuality within UCLA's comprehensive department, 27, Apr, ios  
OSU faces change from a position of strength, 32, May, ios  
surgery at Minnesota: a rich legacy, a bold present, 17, Mar, ios

**KIDNEY CALCULI**

urology: summary ACS meeting, 13, Jan

**KIDNEY DISEASES**

urology: ACS meeting, 13, Jan  
Radiography: radionuclides to detect renal and urinary tract disease, 80, May, oa

**KIDNEY INJURIES**

diagnosis and management of, 81, Jan, a

**Kidney Stones see KIDNEY CALCULI****KNEE JOINT PROSTHESIS**

total joint replacement, 104, Jun, s

**LEUKOCYTE CULTURE TEST, MIXED**

surgery at Minnesota: a rich legacy, a bold present, 17, Mar, ios

**LIVER**

Injuries: radiologists urge more use of angiography to trace, 102, Jun, a  
Transplantation: 88, Jan, a

**LUNG**

Injuries: respiratory support for failing lung, 74, Feb, oa

**MALIGNANT HYPERTHERMIA**

diagnosis and treatment, 97, May, oa

**MASTECTOMY**

Columbia: a department looks to future, 56, Jan, ios

**MEDICINE, SOVIET UNION**

three surgical innovations in the Soviet Union, 51, Mar

**MELANOMA**

Immunotherapy: close-up of UCLA's oncology program, 53, Apr

**METABOLISM**

shock and: ACS meeting, 13, Jan

**MUMPS**

acute scrotum: diagnosis and treatment, 13, Jun, oa

**MYOCARDIAL INFARCT**

Prevention and Control: individuality within UCLA's comprehensive department, 27, Apr, ios

**NATIONAL HEART AND LUNG****INSTITUTE'S CLINIC OF SURGERY**

42, Jun, ios

**NECK**

Surgery: individuality within UCLA's comprehensive department, 27, Apr, ios

**NECK NEOPLASMS**

Surgery: palliative surgery improves quality of life, 96, Mar

**NEOPLASM METASTASIS**

some theoretical and practical considerations of metastases, 85, Feb, oa

**NEOPLASMS**

treating the injured hand: part 6, anesthesia, miscellaneous problems, rehabilitation, 79, Jun, oa

Immunology: individuality within UCLA's comprehensive department, 27, Apr, ios

tumors: summary ACS meeting, 13, Jan

Rehabilitation: of surgical patient, 22, May, oa

Therapy: close-up of UCLA's oncology program, 53, Apr  
surgery at Minnesota: a rich legacy, a bold present, 17, Mar, ios

**NERVE COMPRESSION SYNDROMES**

treating the injured hand, part 5: nerve trauma, 67, Apr, oa

**NERVE INJURIES**

treating the injured hand, part 5: nerve trauma, 67, Apr, oa

**NERVOUS SYSTEM DISEASES**

neurologic surgery: summary ACS meeting, 13, Jan

**NEUROSURGERY**

neurologic surgery: summary ACS meeting, 13, Jan  
OSU faces change from a position of strength, 32, May, ios
